

# CHECKLIST

## for poster presenters

We have a small number of poster presentations so they will be on display for the whole time of the conference. You do not necessarily need to be present the whole time, but you do need to collect your poster at the end of the conference. At the registration desk you will receive help and information about where to put your poster.

Posters need to be in a 70 cm x 100 cm standing format (portrait format).

If you have questions before the conference please contact [Barbro.holm-ivarsson@telia.com](mailto:Barbro.holm-ivarsson@telia.com).
